TAX COMMISSION BEGINS ITS WORK

The Movement Is Primarily to Equalize All Taxes.

FIRST WORK ALREADY DONE

Not Only Corporations and Railroads But Merchants and Farmers, Will Have to Pay Full Value on Their Property in Alabama.

Montgomery, Ala., April 2.—The most important event of the week, save the railroad litigation, is the opening of the valuation campaign by the state tax commission and the indication of the policy that will be followed in the fixing up of rates that are to be placed upon the property of the state.

It is shown by the initial work that there is not going to be so much a movement to raise the values as a whole as to equalize, and in this is carried out the suggestion made when the bill to establish the commission was on its passage that was the main idea in view.

The first work was done in Barbour county and there the plans laid for the working out of the bill. The instructions to tax officers was that they were to take the lists of real estate transfers in the county, secured from the books of the probate judge, and see what lands are sold for. This is to be a guide in raising or equalizing values as they are found over the state or in any particular county. It is also to be a guide to values of adjoining property. A man may not have sold a piece of land so that its market values can be estimated, but his neighbor has, and from the receipts of that neighbor the real value of the unsold part may be secured.

It is also shown by the actions so far that not only lands held by corporations but small farmers as well are going to be made to pay full value.

It is expected that there will be much of raising when the state board of assessment begins to make up the values of the railroad property of the state. This board is composed of the governor, the auditor, the treasurer and the attorney general, the last named being on in an advisory capacity. The meeting is set down for April 3, at which time there will be representatives of the leading traffic men of the state. Many of the roads were raised last year or the year before and very likely there would have been a natural increase without the evident intention to go higher as a result of the feeling that the charges have been under what they should have been. The legislature passed a law that the assessors should be guided in making up the taxes by the well known market values of the stocks and bonds. In this assessment is included the rails and the rolling stock, the lines of long distance telegraph and telephone companies and their poles. None of the houses and depots, section houses or telegraph instruments are taken in.

Of the total value placed on property of the state last year, of $347,228,469, the railroads composed $55,066,230, other railroad property, $847,729. The only other items near it were real estate, $111,784,951, and town real estate, $92,491,675.

One of the complaints made by the tax collectors in Barbour county was that they could not get at the values of mercantile stocks. The last auditor's report shows that there are values of this kind at $13,460,819. It is said that there is more value of this kind in the town of Eufaula than is assessed to the whole county, and there are some who insist that the same thing is true in most of the state.

However, there are things that the merchants have to meet in the way of taxes that do not come to the trouble of other lines of enterprise. Every county and town requires heavy license of the merchant, as well as the state. In addition, the merchant pays more insurance than any other line of business save the cotton and lumber mill men, and, all in all, it is pointed out that the merchant gets more on his shoulder than any other man in this way.

It is interesting to note that there were last year $224,548 worth of jewelry and $1,663,067 worth of pianos and musical instruments. Paintings are valued at $23,332 and guns, pistols, bowie knives, dirks, swords and canes at $457,312. It is also reported that at that time there was $2,898,185 in money hoarded.

VALDOSTA HAS $25,000 FIRE.

Turpentine Distilling Plant and 4,000 Gallons of Turpentine Burn.

Valdosta, Ga., April 2.—The plant of the Southern Naval Stores Distilling company in this city, was burned at an early hour Sunday morning, carrying a loss of about $25,000, with no insurance.

With the plant, 4,000 gallons of turpentine were burned. The flames started from sparks from a switch engine, and as it was beyond the fire and water limits, the fire department could do nothing toward stopping it.

The company was engaged in making spirits of turpentine from wood, by the Pittman process, the most successful operation and was finding a ready sale for all of its products. It was turning out 1,000 gallons of turpentine a week, beside byproducts. It is thought the plant will be rebuilt at once.

British Steamer Was Floated.

Wilmington, N. C., April 2.—The British steamer Axminister, Savannah, Ga., to Manchester (with a cargo of cotton, phosphate, resin and lumber), which ran ashore on Frying pan Shoals, was floated Sunday by the Wilmington tugs Blanche and Marion, and towed into Southport apparently uninjured. A small part of her cargo of lumber was jettisoned. The boat crew sent ashore for assistance was unable to return to the ship and the captain and other members of the crew are reported to have had their boats lowered preparatory to leaving the vessel in an emergency, when the tugs arrived. The wind was blowing thirty miles an hour.

Hale Hurried to Tennessee.

Bristol, Va., April 2.—DDuring Saturday rumors were circulated as to intended mob violence against Ack Hale, held in the Bristol, Va., jail, charged with murder. Since the killing of Lillie Davis in East Hill cemetery Wednesday night it is thought the hundreds of mountaineers here for Saturday's trading started the movement. In order to prevent a raid, sheriff and deputies secretly hurried the prisoner across the line and put him in the Blountville, Tenn., jail. This action obviated difficulty in trial, as there was talk of resisting extradition.

Hutchins Will Lose Sight.

Macon, Ga., April 2.—Bruch Hutchins, the painter who was shot in the face by parties with whom he fought at a saw mill down the Georgia Southern and Florida railway several nights ago, will lose his eyesight as a result. A load of shot was fired into his face, and the surgeons have already removed one eye. The man remains in a very serious condition. He has never given any reasons for the occurrence. The police took him from his sister's home to the hospital after they learned that he was suffering from bad wounds.

Millions for Art Treasures.

Brussels, April 2.—It is currently reported that J. P. Morgan, of New York, has acquired for $1,200,000 the unique collection of Jules Van Den Poreboom, which comprised furniture, pictures, brasses, ancient engravings and chimney pieces. The collection is installed in a sixteenth century Dutch house at Anderbrecht, a replica of which will be constructed in New York state under the superintendence of Francois M. Lafatt, the architect.

Refuses $100,000 Offer.

Sanford, Fla., April 2.—One of the Pace, one of Sanford's most prosperous truckers, is said to have refused an offer of $100,000 for his home and celery farm this week. It consists of about 25 acres of vary fine celery land, and one of the prettiest homes in this section.

SIX MEN KILLED IN FREIGHT WRECK

Thirty Cars Are Reported to Have Been Burned

AFTER THE TRAINS CRASHED

Details of the Wreck Are Meager. Aid Has Been Sent Out From Fort Worth to the Scene of the Wreck, Which Occurred on M. K. & T.

Fort Worth, Tex., April 2.—In a collision between two freight trains on the Missouri, Kansas and Texas railroad, at Bethel Switch, six miles south of Fort Worth, six men are reported to have been killed.

Thirty-eight freight cars and their contents were burned.

Aid has been sent from Fort Worth to the scene of the accident.

Money Goes to Sheriff's Office.

Birmingham, Ala., April 2.—Consternation has been created among the sheriff's deputies here by the announcement that in the future all rewards for prisoners must be paid into the office, the sheriff purposing to pay his men for the work they do for the county. For years prisoners from all over the country have been gathered here, Birmingham serving apparently as a sort of rendezvous, and have been forwarded to their respective destinations. The announcement that this money thus picked up by the officers will be stopped is causing trouble among them.

Four of Crew Saved.

New York, April 2.—Two men are believed to have lost their lives in a collision in the North river early Monday when the tug boat John D. Daily was run down and sunk because the ferry boat Musconetcong, of the Delaware, Lackawanna and Western railroad company. Four members of the tug's crew were saved, after jumping over board, but they suffered severely from exposure. The men unaccounted for are John Shanaphy, first officer, and a deck hand named McDavitt.

Sheriff Is Convicted.

Columbia, S. C., April 2.—Sheriff Rabon, of Aiken county, this state, was arrested in Jefferson county, Ga., charged with carrying concealed weapons. He was convicted, the sentence being $20 fine or four months on the chain gang. The South Carolina official was armed with requisition papers from Governor Terrell and was endeavoring to arrest a fugitive from this state. The matter has just been made public.

Want Immigration Stopped.

Riga, Russia, April 2.—The governor general of the Baltic provinces, Lieutenant General Baron Moeller Sakoelmsky, has received from Russian colonists in Brazil a letter complaining of the difficult position of the colonists and the unfair treatment of them by Brazilians and asking him to prohibit emigration to the South American republic, Riga is the starting point of a large stream of emigrants to Brazil.

Found Murdered in Bed.

Chicago, April 2.—Mrs. Sarah Graff, of 446 West Harrison street, was found dead in bed at her home Monday with a deep gash over her right temple. The floor of the room and the bed clothing were spattered with blood. The police are looking for the woman's husband, Charles Graff.

Bitten by Mad Dog.

Richmond, Va., April 2.—Dr. McDonald, pastor of the First Baptist church of this city, and two of his children are under treatment at the Pasteur Institute here. They were bitten by a rabid dog several days ago.

Resigns from Legation.

Vienna, April 2.—The second secretary of the American legation here, Francis G. Langhorn, of New York, has resigned for personal reasons, and will return to America in May.

POUTING AT UNCLE SAM.

Because She Can't Have Ambassador at Washington.

Washington, April 2.—Chile's failure to send a minister to Washington to replace Mr. Walker Martinez, who did not return here after the Pan-American conference at Rio Janeiro last summer, has caused much comment. The neglect of the Chilean congress to appropriate sufficient money to maintain the legation has been given as a reason for leaving the American mission in the charge of Alberto Yoacham, secretary of the legation, but it has just become known that the real cause was hidden deep in Latin-American politics.

Chile decided it would be a good idea to have an ambassador in Washington and steps were taken to discover what the United States thought about the proposed delegation of the Chilean republic to Washington. Brazil had an ambassador and Chile felt that a similar honor be accorded to it by the United States.

The suggestion that the Chilean envoy might be raised to ambassadorial rank set all Latin-America on edge, and a general movement was instituted by the southern republics to head off such a movement. Argentinea, being unfriendly to Chile, was especially opposed to the plan, as Brazil and Chile was always rated as allies, and Argentina did not want her two strongest rivals to outstrip her in American representation.

It has not been the policy of the state department to send ambassadors to any country which cannot be ranked as a world power, and when the hostility of the rest of South America to such a change became known, the United States decided that the question had better not be agitated further at this time. Before this decision was reached, however, it was diplomatically hinted that Bolivia and several of the other western South American republics would probably decide to withdraw their ministers and leave their legations in charge of secretaries in case Chile was permitted to send an ambassador.

After Mr. Walker Martinez left Washington, it was suggested to the state department that another man, whose name has not been made public, was being considered for the position. But after the United States was asked about the man, his name was dropped and recently there has been no suggestion that Chile will be in any hurry about sending a representative of ministerial rank to Washington.

The United States had no objection to the name proposed, and the failure of Chile to send him is attributed by diplomatists here to the refusal of the United States to give favorable consideration to the ambassadorial plan.

Will Take Radical Action.

Chicago, April 2.—Wilbur Glenn Voliva issued an ultimatum in Zion Sunday. Unless the people submit to him on May 1 he will take radical action himself, he said. Voliva denounced every one who has opposed him. He took as the occasion for his ultimatum the anniversary of his ejection of John Alexander Dowie, from the church, having expelled the late leader one year ago Sunday. "I say to you officers and people, that one month more I will give you," he said, "on May 1 if you do not make a radical move I shall make one, and put a stop to this criticism of me."

Postal Raises Rate.

New York, April 2.—Charles P. Bruch, assistant general manager of the Postal Telegraph company is quoted as stating that his company has raised the rate practically to the same basis as that recently announced by the Western Union. The new rate went into effect at midnight on April 1. Mr. Bruch said in addition to announcing the increase that it was caused entirely by the increased cost of maintenance.

Suffering from LaGrippe.

Madrid, April 2.—Queen Christiana, mother of King Alfonso, is suffering from a serious attack of grip. Her temperature has reached a maximum of 104 degrees. Queen Christina was preparing to go to Cartagena with King Alfonso to meet King Edward when she was stricken.

GREAT GRAFT FOR RAILWAYS ON MAILS

Startling Disclosures Made by Statistician Adams.

$31.75 PER TON FOR MAILS.

Express Matter Only $12.50—In Actual Practice Railroad Charge the Government More Than Three Times Rate Allowed Express Co.

Washington, D. C., April 2.—Between the investigation that the census bureau is making with a view to determining the relative pay the railroads receive for the transportation of mail and express matter, and the investigation which the postal commission is preparing to make with a view to determining further whether rates of mail pay should be reduced or not, there will be much light thrown on the subject between now and the first of next September.

Professor Adams, now statistician for the interstate commerce commission, investigated the subject between New York and Buffalo. He found that the government paid $31.73 per ton for the transportation of mail between these two points. He then investigated the express business between the same points. He found that the average rate which the express companies make to the public was $25 per ton, and that the contract they had with the railroads was that the latter should haul their express at forty per cent of the gross charges, which would amount to $10 per ton. Thus, he found that in actual practice on this route the government paid 3.172 times as much for the transportation of mail as was charged by the railroads for the transportation of express.

But in order to err on the side of goodness, if at all, Professor Adams made his calculation on the basis of the railroad's getting 50 per cent of the gross express charges, and found that even on this basis the railroad charged the express companies $12.50 per ton for performing a not dissimilar service than that for which the government paid it $31.73 per ton.

It is believed by many of those who have investigated the matter that the first duty of the government is to see to it that the railroads take additional precautions for the safety of the mail. The long list of wrecks which have occurred within the past year have resulted in the destruction of many thousands of dollars of mail which had it been carried in electrically lighted steel cars, they declare, might have been saved, as actual experience has shown the mail to be immune from danger in case of wrecks, when carried in such cars. It is contended that the rates of pay are ample to justify the government in requiring all future mail cars to be thus constructed.

Controversy Not Materially Altered.

Chicago, April 2.—The situation in the controversy between the western railroads and the trainmen and conductors was not Monday materially altered from previous condition. Another series of conferences will be held during the day in which Chairman Knapp of the interstate commerce commission and Secretary Neill of the United States labor commission will be active participants. The report circulated that a large number of the members of the two organizations are not in favor of a strike, although denied by the leaders of the trainmen and conductors, led both Chairman Knapp and Secretary Neill to believe that terms satisfactory to both sides may ultimately be reached.

Entered Plea of Guilty.

Chicago, April 2.—F. A. Holbrook, secretary of the combination in school and furniture who was recently indicted by the Federal grand jury on the charge of acting in restraint of trade Monday entered a plea of guilty before Judge Landis. Sentence was deferred. Pleas of nolle contendere were entered by the various companies indicted at the same time.

REWARD OUT FOR NEGRO MURDERER

Relatives and Authorities Anxious to Capture J. T. Linbush.

KILLED YOUNG DENNIS OSTEEN

In Cold Blood at High Springs on the Night of December 23, 1906—Made His Escape, and Has Since Been Successful in Eluding the Officers.

The relatives and authorities are after J. T. Dinbush, a negro who killed young Dennis Osteen at High Springs on the night of December 23, 1906, while the young man was in the discharge of his duty as a switch foreman in the yards of the Atlantic Coast Line at that place. As a result of their desire to capture the negro, who was last seen in Jacksonville on Christmas of 1906, two days after the murder, a reward of $200 has been offered, $100 by C. R. Osteen of Newberry, a brother of the murdered man, and $100 by the Board of County Commissioners in session Tuesday.

This will be remembered as one of the most cold-blooded murders ever transpiring in the county, the victim having been virtually shot down in cold blood without an opportunity to defend himself.

Linbush is described as being about six feet, two inches in height, weighing about 180 pounds, of a brown or ginger-cake complexion, with a bushy head of hair. When last seen he was clean-shaven, but is capable of growing a heavy beard and mustache.

Notwithstanding the fact that the officers were on the alert for sometime and every effort was made to capture the negro, he succeeded in eluding them, and has never been captured.

Inasmuch as this reward has been offered, it is hoped that it will result in the capture of Linbush.

An Unfortunate Affair.

A deplorable affair occurred Tuesday between L. W. Jackson, the popular agent of the Singer sewing machine, who occupies an office on the north side of the square, and T. W. Hughes, a collector for a publishing house, when through some misunderstanding the two came to blows, and the latter seemed to get the "worst of the bargain."

Both participants were placed under arrest, and both gave bond for their appearance before mayor's court this morning upon a charge of fighting.

Notice of Citizens' Meeting.

A meeting of the citizens of Gainesville is called for Friday night at eight o'clock in the court house. The presence of ALL citizens interested in the future of Gainesville is earnestly requested, for at that time an opportunity will be offered ANYONE who may wish to speak, and replies will be made to any questions which may be asked touching the past or present administration of the affairs of the city.

J. F. McKINSTRY, Jr., Chairman.

CROP WILL BE SHORT.

Opinion of Captain Paul, Who Has Recently Been in South Florida.

Captain Antoine Paul, special agent of the United States land office, who has recently returned from South Florida, where he spent several days, visiting various sections, is of the opinion that the orange crop the coming season is going to be about twenty-five per cent short of the average yield.

"We all know that this shortage will be occasioned by the long and continued drought," remarked Captain Paul. "The people of South Florida had no rain for months, with the result that the trees and everything in the agricultural and horticultural line have suffered."

Captain Paul stated that the drought seemed to effect more especially the trees in DeSoto county, where he spent several days. He noticed the leaves were badly withered, that the blooms were dropping, indications pointing to a shortage. The recent rains, however, may have revived the trees sufficiently to retain the blooms.

In The Mayor's Court.

In mayor's court Tuesday Ed Johnson and Ed Missouri were arraigned upon a charge of disorderly conduct. They were fined $2.50 and costs each.

John Young, white, was arrested by Marshal Pinkoson upon a charge of using profane language against his mother-in-law. His trial will be held today.

The Reverends David Hall and John Cowan, two well-known colored divines, got into some kind of an altercation over a misunderstanding. The theory that preachers will not fight, and that they do not believe as a whole in "turning the other cheek," was knocked out in this instance, as Officer Pinkoson declared both were pretty good "scrappers." They were both arrested, and gave a bond of $10 each for their appearance before the mayor today.

Cured of Rheumatism.

Mr. Wm. Henry of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain Balm. You are certain to be pleased with the relief which it affords. For sale by all druggists.

TWENTIETH CENTURY CLUB.

This Popular Society Entertained Husbands and Friends.

The Twentieth Century Club entertained their husbands and friends at the elegant home of Mrs. C. A. Colclough, corner West Liberty and Garden streets, Tuesday evening.

It is needless to add that this function was well attended, as the club has a large membership, and nearly every member was accompanied by her husband or a friend, and in some instances by both. The evening was delightfully spent, as Mrs. Colclough and her charming daughter, Miss Lucille, enjoy an enviable reputation as entertainers.

The home was beautifully decorated for the occasion in evergreens and pot plants, which were admired by those present.

The guests were treated to a delightful literary and musical program, and delicious refreshments were served. It was an evening which will long be remembered by those who were so fortunate as to be present.

EASTER CEREMONIES.

The Rocky Point Sunday School Had a Most Interesting Program.

Rocky Point was not behind in the matter of Easter ceremonies. The children of the Sunday school at that place arranged a neat and interesting program, and the numbers were carried out in a most interesting and pleasing manner.

The exercises were held in the afternoon, and were well attended. The program comprised recitations, speeches, etc; by the little folks, all of which were enjoyed.

The exercises were in the hands of the Sabbath school scholars, to whom those who attended the Easter services are indebted for a very pleasant afternoon.

An Informal Dance.

An informal dance was given by the young men of the city at the armory Monday evening, which was well attended despite the inclemency of the weather. The young folks enjoyed themselves to the fullest extent until the midnight hour, when they returned to their respective homes a tired but contented lot.

The County Commissioners.

The Board of County Commissioners met in regular session Tuesday, and will conclude their meeting today. A great deal of business of importance was transacted, due mention of which will be made as soon as the minutes are recorded.

Famous Detective Is Stabbed.

Paris, April 2.—M. Hamard, head detective of the department of the Seine, was wounded by a dagger thrust while arresting a man named Dallia, who is accused of murder.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

WOMEN IN HOSPITALS

Experiences of Mrs. Rockwood and Miss Tierney

MISS MARGARET TIERNEY MRS. CHAS. A. ROCKWOOD

A large proportion of the operations performed in our hospitals are upon women and girls for some organic trouble.

Why should this be the case?

Because they have neglected themselves, as every one of these patients in the hospital beds had plenty of warning in those dragging sensations, pains at left or right of abdomen, backaches, nervous exhaustion, inflammation, ulceration, displacements, and other organic weaknesses.

All of these symptoms are indications of an unhealthy condition of the female system and if not heeded the penalty has to be paid by a dangerous operation. When these symptoms manifest themselves, do not drag along until you are obliged to go to the hospital and submit to an operation—but remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has saved hundreds of women from surgical operations.

Lydia E. Pinkham's Vegetable Compound has cured more cases of feminine ills than any other one remedy. Such letters as the following are constantly being received by Mrs. Pinkham to prove our claims.

Mrs. C. A. Rockwood, teacher of Parliamentary Law, of 58 Free St., Fredonia, N. Y., writes:

"For years I suffered with female trouble. It was decided that an operation was necessary, and although I submitted to a serious operation my sufferings continued, until Lydia E. Pinkham's Vegetable Compound was recommended and it proved a marvelous remedy, so quickly did it restore my health. I cannot thank you sufficiently for the good it has done me."

Miss Margaret Tierney, of No. 338 W. 25th Street, New York, writes:

Dear Mrs. Pinkham:—

"When only eighteen years of age our physician decided that an operation was necessary to permit of my womanly organs performing their natural functions. My mother objected and being urged by a relative to try Lydia E. Pinkham's Vegetable Compound did so. I soon improved in health, the proper conditions were established and I am well and strong, thanks to Lydia E. Pinkham's Vegetable Compound."

No other remedy has such unqualified endorsement as Lydia E. Pinkham's Vegetable Compound. No other remedy in the world has such a record of cures of female ills.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that may help your case. Her advice is free and always helpful.

AT CAUCUSES OFFICERS NAMED

Hunt Harris and Eugene Matthews Are Honored.

BOTH GAINED THEIR POINT

Chas. Finley Defeats Appleyard For Secretary of the Senate—Andrews Elected Bill Secretary—Other Successful Candidates and Their Vote.

Tallahassee, April 1—The expected has happened. As predicted in these dispatches, Hon. W. Hunt Harris of Key West was tonight by acclamation nominated for the presidency of the Senate of 1907, and Eugene S. Matthews for Speaker of the House.

Notwithstanding strong efforts to secure candidates to oppose these all efforts to accomplish this end were unavailing. Their unanimous choice tonight was a splendid tribute to the efficiency and standing of both successful aspirants, and as well to the thorough efficiency of their organizations and fidelity of their friends. As late as this morning the Harris opposition claimed his defeat as practically certain.

At 8 o'clock to the minute Secretary of the Senate Appleyard called the Democratic caucus of that body to order. Thirty-one members responded, the only absentee being Senator Newlan, who is critically ill at his home in Suwannee county.

Senator Henderson of the Eighth was nominated by Senator Crane for temporary chairman and T. J. Appleyard for temporary secretary by Senator Willis.

On motion of Senator McCreary the temporary organization was made permanent.

Senator Henderson in a very few words, accepted the honor and called the regular order of business.

Short speeches were the order of the day or night.

Senator W. Hunt Harris of the Twenty-fourth district was placed in nomination by Senator Beard of the Second, and seconded by Senator Buckman of the Eighteenth.

Senator Harris was declared the choice of the caucus by unanimous vote.

Senator Hudson nominated Dr. Throp West of the Fourth for President pro tem, seconded by Senator Peel. The genial Doctor was also elected by acclamation.

Finley Defeats Appleyard.

Thomas J. Appleyard was nominated by Senator Humphreys of the Twenty-seventh, who referred to his long and able service in this important capacity.

Charles A. Finley was placed in nomination by Senator Cone of the Fourteenth.

Mr. Finley's nomination was seconded by Senator Beard.

Senator Adams seconded the nomination of Mr. Appleyard.

The Senate then proceeded to ballot.

Senators Buckman, Sams and West were appointed as tellers.

Hon. Charles A. Finley received 21 votes and Hon. Thomas J. Appleyard 10.

Mr. Finley was declared the caucus nominee for secretary.

J. O Culpepper was nominated by acclamation on motion of Senator Cotterel for assistant secretary.

Other Nominations.

C. O. Andrews was nominated for bill secretary by Senator Trammell and Fred L. Robertson by Senator Walker. Andrews received 25 votes and Robertson 5.

W. W. Fox of Orange and Nat. W. Harrison of Hamilton were nominated for reading secretaries. The ballot resulted in the choice of Mr. Fox by a vote of 19 to 12

The following nominations were made by acclamation: Assistant Reading Secretary, C. B. Smith of Madison; Engrossing Secretary, George W. Hardee of Suwannee; Enrolling Secretary, J. F. Conova of Columbia; Recording Secretary, Mrs. Lettie B. Young of Leon; Sergeant-at-Arms, William J. Mickler of St. Johns; Messenger, Harry Fannin of Calhoun; Chaplain, E. H. Reynolds of Duval.

There was a close contest for doorkeeper between N. Eubanks and H. C. McRae, the latter winning by the bare majority of one vote.

Three candidates aspired to be janitor, Otto Kirdroff of Volusia, J. M. Coleman of Franklin and Eugene Hawkins of Jackson. On the first ballot Coleman received 19 votes and was declared the winner.

Picking the Pages.

Then came the closing scenes, the election of pages, which brought forth a motion of Senator Jackson that the number of pages be increased from three to four. This was strongly opposed by Senator Broome, who moved to table this motion. This was lost and the original motion was put. A demand for roll call was made, resulting on a reversal of previous vote and the motion was lost by a vote of 16 to 15.

Grover Harwell, James H. Crews and Albert K. Mathis were elected on first ballot.

House Caucus.

The House caucus was called to order by Chief Clerk Kellum, and the object stated. J W. Watson of Dade was chosen chairman and made a brief speech of thanks. On motion of MacWilliams, seconded by Griggs, Farris of Duval was elected secretary. E. S. Matthews of Bradford was nominated Speaker in an eloquent speech by Wartmann of Marion, and seconded by Dorman and Farris. He was elected unanimously by acclamation and escorted to his seat by Matthewes of Marion, and MacWilliams, making a brief and heartfelt speech of thanks.

On motion of Mr. Wartmann the caucus proceeded to elect attaches by ballot.

J. G. Kellum, chief clerk; A. C. Stephens, Hamilton, assistant chief clerk; George B. Dickenson, Orange, bill clerk, elected without opposition; Nat R. Walker, Wakulla, re-elected reading clerk over John W. Davis, St. Johns; G. J. Strozier of Orange, assistant reading clerk; A. S. York, Bradford, engrossing clerk; F. Umstead, Suwannee, enrolling clerk, with opposition, and John Trammell, Polk, defeated; J. M. Duncan, Hamilton, recording clerk; George E. Hawkins, for sergeant-at-arms.

For messenger ex-Senator Kirk won out on third ballot. Dan Wiggins defeated Robert Lanier, 36 to 31, and D. S. Bryan defeated J. A. Revels for janitor.

THAW SIDE RESTS.

So Far as Further Testimony is Concerned Before Commission.

New York, April 2.—An important development in the court proceedings against Harry K. Thaw, is the announcement by Counsel for the prisoner that Thaw's side rests, so far as further testimony by their success is concerned before the lunacy commission,

The defense believes that this will help to bring this particular hearing to a close by Tuesday night, that the trial, delayed for more than a week by the movement to determine the Thaw sanity at the present can be immediately resumed. The defense assumes, of course that the committee will find that Thaw is now sane. In fact, they are supremely confident of such an outcome, basing their opinion on the splendid showing Thaw is said to have made when questioned by the commissioners.

District Attorney Jerome does not share the opinion of the defense that the commission will conclude its hearing on Tuesday. He said the defense was assuming too much and expressed the belief that several days would elapse before the commission reported. Mr. Jerome believes that the commission will hear his alienists and he hopes besides that the testimony of Dr. Allan McLane Hamilton will be admitted. There is no doubt that the hearing will be prolonged if the state's alienists are allowed to testify as fully as Mr. Jerome wishes them to do, but the defense's lawyers believe that they will only be permitted to tell what they think of Thaw's present condition.

Daniel O'Reilly, who, since the commission was appointed has taken an active part in the defense with Clifford W. Hartridge, made the announcement that Thaw will stand on his testimony before the commission and that counsel will call no witnesses. He said:

"The defense will offer no witnesses. We will not call any alienists, although we know that Mr. Jerome has the promise of the commissioners to hear what his experts have to say on the writings of Thaw as to the evidence adduced at the trial and on the observations they have made during the trial."

The jury in the Thaw trial was excused Monday until Thursday morning.

Just Because

Your cough is only in the throat and does not trouble you now, don't think that it needs no attention. When it has not had much of a start is the time to check it. The slightest cough easily leads to pneumonia, bronchitis and consumption. A bottle of Ballard's Horehound Syrup will cure that cough. The price puts it within reach of all. Sold by W. M Johnson.

Clears $18,000 on Celery.

Sanford, Fla., April 2.—Mr. J. E. celery growers of Sanford informs the local paper here that he will clear $18,000 from his crop this season. He has 35 acres in celery. There are others who will do equally as well.

Valdosta Girl Kills Herself.

Valdosta, Ga., April 2.—Miss Bessie Parker, a young lady 20 years old, committed suicide here by drinking laudanum. The fact that she had taken the poison was not discovered until sometime afterwards, and the physicians were unable to save her life. The young lady's mother runs the Parker house, a boarding place on South Patterson street, and it was rumored that one of the boarders, a young man, had obtained the poison for the girl with knowledge of what she wanted it for, but an investigation by the coroner failed to connect the young man with the affair. There was no known cause for the suicide except despondency. The girl threatened her life frequently and it is said, made an attempt at suicide some weeks ago.

A Woman Tells How to Relieve Rheumatic Pains.

I have been a great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by all druggists.

Dogs Lapped Blood of Wonded Man.

Richmond, Va., April 2.—Isaac B. Ritter, a married man and a veteran of the Spanish-American war, was shot and almost instantly killed by Otho N. Hilliard, at Carpers Valley, 2 miles from Winchester, Va. Hilliard, who makes his home with W. G. Carlisle, claims that Ritter attempted to force his way into the house, and that he shot in self-defense. Ritter bled to death in two hours and was left lying where he fell until the coroner's inquest. Dogs lapped up the blood from his wounds. A woman is said to be at the bottom of the affair. Hillard is in jail. He is 26 years of age. Ritter was thirty.

Don't Put Off

For tomorrow what you can do today. If you put off buying a bottle of Ballard's Snow Liniment, when that pain comes you won't have any. Buy a bottle today. A positive cure for rheumatism, burns, cuts, sprains, contracted muscles, etc. T. S. Graham, Prairie Grove, Ark., writes: "I wish to thank you for the good results I received from Snow Liniment. It positively cured me of rheumatism after others had failed." Sold by W. M. Johnson.

Girl's Assailant Killed Rescuer.

St. Joseph, Mo., April 2.—Charles T. Stanley, a commercial traveler, was killed here Sunday night by Wesley, Christopher, who it is alleged, assaulted a young woman in an alley, and when Stanley heard her screams he ran to her rescue, and was fatally hurt. Christopher was arrested.

Gentle and Effective.

A well known Manitoba editor writes: "As an inside worker I find Chamberlain's Stomach and Liver Tablets invaluable for the touches of biliousness natural to sedentary life, their action being gentle and effective, clearing the digestive tract and the head." Price, 25 cents. Samples free. Sold by all druggists.

Lost Sight from Sneezing.

New York, April 2.—Mrs. Joseph Jack, wife of a resident of Trenton, N. J., is blind as a result of a violent attack of sneezing. Mrs. Jack was so exhausted by the violence of her sneezes and the prolonged period of attack that she fell asleep immediately after obtaining relief. When she awake in the morning she was unable to see. Philadelphia specialists who are treating Mrs. Jack believe the violence of her sneezing caused a hemorrhage of blood vessels in the eyes.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. J. W. McCollum & Co.

Negro Lynched for Assault.

Durant, I. T., April 2.—Jim Williams, negro, charged with committing criminal assault on Lillie Mizener, white, near Colbert, I. T., Saturday afternoon, was lynched at Durant Sunday night by a mob of a thousand people. Williams was hanged to an old derrick and his body riddled with bullets. Deputy United States marshals and local officers pleaded with the mob and threatened it with their revolvers, but to no avail. The girl positively identified Williams.

Good Judgment

Is the essential characteristic of men and women. Invaluable to good business men and necessary to housewives. A woman shows good judgment when she buys White's Cream Vermifuge for her baby—the best worm medicine ever offered to mothers. Many, indeed, are the sensible mothers who write, expressing their gratitude for the good health of their children, which they owe to the use of White's Cream Vermifuge. Sold by W. M. Johnson.

He Killed Two Policemen.

Moscow, April 2.—The police discovered and searched a revolutionary meeting place on Fresh Pond avenue. They stationed an ambuscade, and a student who had not been warned in time that the place had been discovered, approached the entrance. Policemen Andrieff and Gontcharoff leaped from the ambush toward the student, who killed both of them with his revolver and escaped unwounded.

Stomach and Liver Trouble Cured.

Orino Laxative Fruit Syrup cures stomach and liver trouble as it aids digestion, and stimulates the liver and bowels without irritating these organs like pills and ordinary cathartics. It cures indigestion and sick headache and chronic constipation. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

Arrive in Washington.

Washington, April 1.—Admiral Snow, U.S.N., president of the court martial which just completed the trial of Captain Swift and Lieutenant Yarnell, of the battleship Connecticut on charges growing out of that ship striking a rock on Jan. 13, in Culebra harbor, and other members of the court, arrived in Washington Saturday. The proceedings and findings of the court are in custody of Commander Knapp, who was the judge advocate, and will be turned over to Judge Advocate General Dibel for review, after which the result will be published.

Killed by Escaping Gas.

Philadelphia, April 1.—Jose Rodriguez, aged 20 years, said to be a son of a wealthy resident of Chapultepec, Mexico, was accidentally asphyxiated in his room in a boarding house. He came here and entered an industrial plant as a civil engineer. Among Rodrigue's effects was a letter written to him by Florence Salad, of Manchester, England, in which she said that as soon as Rodriguez returned to Chapultepec she would return and they would be married.

THE PURE FOOD LAW.

Washington is preparing to suffer this summer one of the penalties of the Pure Food Law, in common probably with all the other cities of the country. It is a raise in the price of ice cream soda. This at first glance may not seem a subject of national importance. It is used for illustration only. It is significant. Before the Pure Food Law was passed, one of the chief arguments used against it in Congress by all the manufacturers was that they did not need such a law, as all of their food products were pure anyhow, and the law would make no difference to them. Now that the law is working, every manufacturer without exception has declared that they have to raise the price of their products because the Pure Food Law has compelled them to use so much more expensive material. Soda-ice cream is only one of a thousand things that has received a boost in price. Practically everything else in the preserved food line has gone up and the country is footing the bill several times over. Yet many of the labels that have been passed on and approved by the Department of Agriculture under the new law are about as misleading as they could well be. "Canned roast beef" is labelled just as it was before the law was passed, and it is no more roast beef than a whitewashed fence is a Dore painting. Stearine is allowed in lard and the Department sanctions a "pure lard" label all over the package. There are a score of other evasions that are just as flagrant.

FISH SKINS OR FEATHERS.

The Collector of Customs of New York has decided that frog skins are leather and are subject to a tariff duty of 30 cents a pound and 20 per cent ad valorem. The Japanese importers declare the skins are fish skins and therefore being on the free list, no duty should be exacted. If the Department follows its former rulings the frog skins are feathers, for some years ago the experts of the Department decided that frog legs were dressed poultry, consequently frog skin must be chicken feathers and pay duty accordingly. The Dingley tariff as interpreted by Republican politicians is a wonderful law that even its inventors do not understand.

There is one thing at least in the course the Treasury has pursued. It shows that there is no real hostility toward the railroads and the big financial interests on the part of the Administration. The Secretary of the Treasury has increased deposits with National banks, he has anticipated the interests on government bonds, and done the other things necessary in the premises He has gone further than any other secretary also in that he has accepted certain high-class railroad bonds as security for circulation. The bonds admitted to this distinction are those accepted by the Legislatures of New York and Massachusetts as savings bank investments. The measure is a practical one of relief, but its most important aspect is that it gives the moral endorsement of the government to railroad securities as it has never been given before. In this way it ought to do a good deal to restore confidence and show that there is no hostility on the part of the government toward the railroads.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Take Hall's Family Pills for constipation.

It is a little curious and rather laughable despite the seriousness of the situation to see how Secretary Cortelyou flew to the aid of Wall street almost as soon as he was settled in the Treasury Department. The first thing he said on taking office was that he was tired of seeing the government called on at every turn to bolster up the stock market, and the one thing he intended to do was to divorce the Treasury from Wall street. This was a fine resolve and lasted almost a week. Then came the squeeze in money, and the new Secretary came to the rescue with additional deposits in National banks. Then came the panic, and the things that Secretary Cortelyou has done to help the situation were more far reaching than those attempted by any of his predecessors. It was all perfectly proper, too. The financial system of the country is such that the Treasury has to help out Wall street when the big gamblers get down toward their white chips, else there is a disturbance in the real industries of the country. But it was rather amusing to see how promptly Mr. Cortelyou spread the landing net as soon as he found he had to.

The Big Stick has been pulled out of its corner and is now threatening Honduras, Nicaragua and Salvador, that unless they quit scrapping there will be something doing in Central America. Why the United States should interfere has not been explained.

A Kansas man asserts that he recently saw a rat with horns. As the authorities insist that the prohibition law is being enforced in Kansas, there must be something radically wrong with the soda water in that State.

The man who introduced that lick-the-editor bill in the Pennsylvania Legislature may be trying to convince his constituents that he is not in the mollycoddle class of statesmen.

A RARE BIRD.

Why an American Showman Could Not Get It For His Museum.

When the eminent French writer Ferdinand Brunetiere visited the United States some years ago, lecturing at Harvard and other leading universities, he had an amusing experience, which he described in the recollections of his American tour which he afterward published. The great litterateur devoted much attention to the life and works of Bossuet, who was often styled the "Eagle of Meaux," on account perhaps of his lofty flights of eloquence. This fact, with others pertaining to his literary career, was mentioned by some daily papers during his stay in this country. It caught the eyes of a shrewd American showman, who, however, got somewhat mixed over the meaning of the allusion. He wrote the following letter to the French author:

Sir—I have just heard that a certain Meaux eagle, very celebrated, it appears, in your country, has become your exclusive property. Now, I am the manager of a museum in one of the largest cities in the States. This Meaux eagle, whose reputation has been enhanced by your eloquence, would certainly not fail to excite the curiosity of my public. If you will let me have the rare bird and tell me how to feed it, you can quote your own figure.

Brunetiere politely explained that the "rare bird" had been dead for nearly 200 years.

CORDON BLEU.

Origin of the French Title as Applied to a Fine Cook.

The Order of the St. Esprit was created in 1587, was suppressed by the revolution and was revived by Louis XVIII. in 1814. To speak rightly, Louis XVIII. considered that the order had never ceased to exist, for he had given two collars during his exile, in 1810, the one to Francis I., king of the two Sicilies, and the other to his brother, the Prince of Salerno, the father of his brother's wife, the Duchess d'Aumale.

The ribbon of this order was a light blue color. It was worn around the neck in the reigns of Henry III. and Henry IV., but was changed by Louis XIV., when it was worn across the chest. The Chevaliers of the St. Esprit were always known under the name of Les Cordon Bleu, and this was the supreme honor during the monarchy of France. It was from this that the title of "cordon bleu" was given to a first class cook. A gentleman one day declared after a good meal that he who had cooked the dinner had proved himself a "cordon bleu" among cooks—in other words, the master of his art. The title became quite the rage and is now always used to designate a good cook without the persons who use it knowing what it means or still less the origin of the title.

FOREIGN HOTELS.

They Differ In Many Ways From Those of Our Own Country.

Hot water is not "laid on" (piped) at foreign hotels, says the Travel Magazine. If you hear a gentle tap on the door in the morning, you may interpret it as meaning that a copper ewer of hot water has just been set down outside for your personal use.

If you order a bath, it will be prepared for you accordingly, and a sweet voiced maid will give you notice when it is ready. You are not expected to operate the water valves at all, and it is doubtful if you would succeed if you tried.

From a variety of vacant rooms at a hotel shown you you select the one you prefer, with a definite agreement as to price. You are not required to accept humbly and thankfully, in blind faith, whatever room the clerk deigns to assign to you, as in America. It is expected, however, that you will order your breakfasts at the hotel, being free to get your other meals elsewhere if you prefer.

Electric light switches are not commonly turned on by a push button or a flat key, as in our buildings, but by a small brass lever. Many of the best hotels have a reading light in the headboard of each bedstead.

The Last Resort.

A man went into an oculist's the other day and, complaining of failing sight, got fitted with a pair of spectacles.

"Is this the weakest glass for my eye?" he asked.

"Yes," replied the oculist.

"Supposing I can't see with it after a few months?"

"Get a stronger then."

"And if I still can't see?"

"Get a still stronger."

"And if the strongest glass fails?"

"In that case I think if I were you I should buy a small, intelligent dog and a couple of yards of string."

It Made a Difference.

"Good gracious!" exclaimed the visitor. "Hear those boys fighting and yelling out there. Regular little hoodlums, aren't they?"

"I can't say," replied Mrs. Famley. "I'm rather nearsighted, you know."

"But surely you can hear them."

"Oh, yes; but I can't tell whether they're my children or the neighbors'."

ORDINANCE NO. 132.

An Ordinance to Provide for, Regulate and Require the Widening of Pleasant Street in the City of Gainesville, so as to Make said Street a Forty-Foot Street From a Point Where Liberty Street Crosses said Street, Thence North to Boundary Street, for the Costs of Such Widening and the Issuance of Special Assessment City Certificates.

Be It Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1—That the City Attorney be and he is hereby authorized and directed to institute or cause to be instituted the necessary and proper legal steps of proceedings to acquire by condemnation, as provided by law, a strip of land, in equal proportions, along the east and west sides of Pleasant street from its intersection with Liberty street, thence north to Boundary street, of sufficient quantity to make said Pleasant street a forty-foot street in width, from Liberty street to Boundary street.

Sec. 2—That the cost of acquiring said property as provided by section one of this ordinance shall be paid by the special assessment of said cost against the property fronting or abutting upon said street where the same is so acquired, in proportion to the frontage of the property fronting thereon, said special assessment being made per front foot of the property abutting thereon. The estimated total cost of the widening of said street as herein provided is Three Thousand dollars, and the estimated amount per front foot of the special assessment to be levied upon the abutting property fronting on said street where the same shall be widened is One dollar.

Sec. 3—The special assessments shall become due and payable as fast as the property herein described for the widening of said street shall be acquired, and the City Council shall as soon as practicable after the acquisition of said property meet and by resolution fix the special assessment per front foot upon the property fronting or abutting upon said street where the same is so acquired, said special assessment not to exceed the actual cost paid by the city for acquiring said property, or the estimated special assessment per front foot for such acquisition as stated herein.

Sec. 4—The City Council shall meet on the 8th day of April, 1907, at 7:30 o'clock p. m. of said day, in the Council chamber, and at said meeting shall permit any owner of or other person interested in the property against which the special assessment provided for by this ordinance shall be levied to present their objections to the enforcement of requirements of this ordinance.

Sec. 5—That this ordinance shall take effect immediately upon its passage and approval.

Passed in open session of the City Council on this 7th day of March, 1907.

G. K. BROOME,
President City Council.

Attest: J. M. DELL, City Clerk.

Approved by me this 8th day of March, 1907. W. R. THOMAS, Mayor.

Attest: J. M. DELL, City Clerk.

One Thing at a Time

"I can't afford to advertise on a large scale," said a merchant lately, "and with my varied stock I wouldn't know where to begin on a small scale."

It is a common fallacy that the advertising must cover the whole stock.

In point of fact it never does, even with the most lavish advertisers, and, if it did, the result would be a jumble of prolixity. The true policy is to select one article at a time—something moderately priced and meeting the want of the day—and push that at the people.—Philadelphia Record.

DROWNS SELF AND BABIES.

She Wades into the Lake with Her Little Ones.

Dover, N. J., April 2.—Having fastened their garments securely to her own, Mrs. Otto Britting carried her two little children into Song-hum lake, where all three were drowned.

The bodies were recovered Sunday by the husband who had searched since his wife, with the children, left their home in Mill Brook, Saturday. The three had died in shallow water and the mother's body was in a stooping position as though she had bent over to place her head under water. With her right arm around her nine-months old baby, George, was clasped to her breast, while his sister, Grace,, 3 years old, was held firmly between the dead mother's knees.

Although to make sure that the little ones would not escape her even in death, Mrs. Britting had used safety pins to secure the clothing of the children to her own.

Mrs. Britting was 28 years of age, and the second wife of Britting, who had three children from his earlier marriage. She is said to have been passionately fond of her children, and her act is ascribed to a mental trouble. With her own children she left home during the absence of her husband.

Secretary Metcalf at Charleston.

Charleston, S. C., April 2.—Secretary of the Navy Victor H. Metcalf and party arrived in Charleston on board the U. S. S. Dolphin Sunday afternoon, coming direct from San Juan, Porto Rico and within an hour started for Washington via the Atlantic Coast line. The secretary and party have had a successful and very pleasant trip.

They Dashed Out His Brains.

Krusk, Russia, April 2.—Druzzaninikoff, an ex-policeman, who was sentenced February 21 to a years's imprisonment for torturing peasants during a punitive expedition, has been killed by peasant prisoners in the jail here. They captured him and held him to a regular court, and executed him by dashing his brains out against the floor.

FOUR PERSONS KILLED BY TRAIN

While They Were Returning from an Easter Picnic.

Kansas City, Mo., April 2.—Four persons in a carriage—two men and two women—were instantly killed late Sunday afternoon at the Fifteenth street crossing of the Chicago and Alton railroad, 2 miles east of this city, by the Alton's western flyer, westbound. The bodies were horribly mutilated and it was some time before they were identified as Mr. and Mrs. George Henry and Mr. Monner and wife.

Trainmen say that the carriage drove directly in front of the engine although the electric bell at the crossing had been ringing several minutes.

Two of the bodies, a man and a woman, were picked up by the cowcatcher of the locomotive and carried some distance from the scene. The others were thrown clear of the track. The horses sustained no injury. The party were returning from an Easter picnic.

EUREKA!

Yes, I Have Found It At Last.

Found what? Why, that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—ELDER JOHN T. Cotton Seed Oil Mills Burn.

Charlotte, N. C., April 2.—Fire which had its origin in the boiler room of the plant, destroyed the cotton seed oil mills at Pittsburg, together with tons of seed, and before its progress could be checked, burned several adjoining factories. Only by the hard work was the destruction of the town prevented. The loss will reach $45,000, with small insurance.

Why

Have a torpid liver when Herbine, the only liver regulator, will help you? There is no reason why you should suffer from dyspepsia, constipation, chills and fever, or any liver complaints, when Herbine will cure you. F. C. Negro Brakeman Was Killed.

Jesup, Ga., April 2.—A negro brakeman, Virgie McDowell, was killed in the yard while endeavoring to couple cars. This is the third of a series of accidents in the railroad yards in the last few months.

Whooping Cough.

I have used Chamberlain's Cough Remedy in my family in cases of whooping cough, and want to tell you that it is the best medicine I have ever used.—W. F. Gasron, Posco, Ga. This remedy is safe and sure. For sale by all druggists.

Unique Advertising.

A tale is told of Robert Bonner and of his belief in advertising. One day he engaged a whole page of a newspaper and repeated a two line advertisement upon it over and over again. It must have been repeated 5,000 times upon the page in the smallest type.

"Why do you waste your money, Robert?" asked a friend. "I noticed that same line so often. Would not half a page have answered your purpose?"

"Half a page would never have caused you to ask the question," replied Mr. Bonner. "At least five people will ask that to every line was the way I figured it."

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." J. W. McCollum & Co.

Opening His Hand.

William Penn was once urging a man he knew to stop drinking to excess when the man suddenly asked, "Can you tell me of an easy way to do it?" "Yes," Penn replied readily; "it is just as easy as to open thy hand, friend." "Convince me of that," the man explained, "and I will promise upon my honor to do as you tell me." "Well, my friend," Penn answered, "whenever thee finds a glass of liquor in thy hand open that hand before the glass touches thy lips, and thee will never drink to excess again."

CAPUDINE CURES COLDS AND GRIPPE

It removes the cause, soothes the nerves and relieves the aches and Feverishness. It cures all headaches and Neuralgia also. No bad effects. 10c, 25c and 50c bottles. (LIQUID.)

UNPROFITABLE FEEDING

Intelligent stock raisers know that a certain amount of feed is necessary to keep an animal alive. They might feed that amount as long as it lives, and it would never gain a pound.

There is no profit in that kind of feeding. The kind that pays is the kind that builds flesh rapidly. If it takes twenty pounds of food each day to keep a sheep alive, twenty-five pounds a day will make it gain flesh. It's the extra five that brings the profit. The first five pounds amounts to nothing, nor does the second or third or fourth five pounds.

It's the same way with advertising. You have to do a certain amount to overcome the resistance of the public.

You have to do a certain amount of advertising to make them wake up to the fact that you are in business at all. You have to pay a certain amount to keep your advertising alive. What you pay above that amount brings profit.

Some advertisers fail because they do not use enough space. They use barely enough or sometimes not quite enough to make the advertising self sustaining. A little bit more would make it profitable. It is better to advertise a little too much than not quite enough.—Charles Austin Bates.

Some of our advertisers could enlarge their space with profit.

Deputy Sheriff W. M. Bareh of Micanopy arrived in the city yesterday having in custody Lucius Gainey, convicted in Justice J. W. Smith's court of carrying concealed weapons. He was sentenced to pay a fine of $100 and costs or spend six months in prison, and being unable to raise the price of the fine will take a few lessons in the naval stores profession.

Miss Leonora Conway, a professional nurse who has made her home in this city for several years, and who has become quite popular, expects to go to Valdosta, Ga., where she will be identified with the Dr. J. B. S. Holmes Sanitarium. Miss Conway's friends and patients here regret very much her departure, but wish her much success in her new home.

C. Y. Crawford, senior member of the firm of Crawford & Davis, liverymen, has returned from St. Louis, where he went to purchase stock. This firm has just received a carload of fine stock, which is now on sale at their stables, and which will prove bargains to those desiring to purchase. An invitation is extended to all interested to call and examine the animals.

Friends of T. J. McRae, Sr., are glad to see him out again, after being confined to his room for the past few days. Mr. McRae was the victim of a very painful, as well as peculiar, accident. In dropping some acid for medical purposes near his eye the acid was absorbed by the eye, causing him a great deal of pain and annoyance. It was fortunate, however, that nothing serious resulted, and Mr. McRae is receiving congratulations.

BASEBALL THIS WEEK.

Oak Halls Will Meet Stetson University Team for Two Games.

There will be "something doing" on the local baseball field this week, two games being scheduled with the team of the Stetson University of DeLand.

The Oak Halls, which for a long time enjoyed the reputation of being the best team in the State, has been reorganized, and are now in good practice. This team will meet the team from Stetson on Friday and Saturday afternoons, when two interesting and exciting games are anticipated.

The people of Gainesville have always been loyal to the national game, and it is expected that there will be good crowds in attendance at both games to encourage the home boys. The best players of the city have been enlisted, and the contests promise to prove of deep interest.

Fennell and His Hat.

"Where Did You Get That Hat?" used to be an old familiar song around these quarters. The query came into play again Tuesday, but not in the words of a song.

Sheriff Fennell is one of those fellows we read about who was born lucky. But it has been his good fortune to possess a nature and a disposition which made him so, his popularity coming as natural as water comes to a milk wagon.

The genial sheriff is always being remembered by his friends from everywhere and the latest evidence of esteem is in the form of a fine Stetson hat, which has been sent from Texas by his friend, J. L. Boulware.

The "bonnet" arrived in time for Easter. It is a handsome one, very becoming, and it is no wonder that the good-natured officer is proud to wear it.

Senior Epworth League.

The Senior Epworth League of the First Methodist Church entertained at the hospitable home of Mrs. T. F. Thomas Tuesday night. There was present a good crowd, and the evening passed off in a most enjoyable manner. The program was of a literary and musical nature, and all present were delightfully entertained. Delicious refreshments were served during the evening.

During the storm of Monday a large oak tree was blown down on the bridge spanning Sweetwater branch on East Seminary street, which completely obstructed the passageway for several hours. There was no damage to the bridge, however, and the obstruction was removed by the street force. Another large oak was blown down on West Church street, blocking that thoroughfare for several hours.
